

Can't Stop

Infected Mushroom

And I can't stop thinking about moments that I lost to you
And I can't stop thinking about things I used to do
And I can't stop making bad decisions
And I can't stop eating stuff you make me chew
I put on a smile that you wanna see
Another day goes by that I long to be like you

(2x):

And I can't stop making bad decisions
And I can't stop eating stuff you make me chew
I put on a smile that you wanna see
Another day goes by that I long to be like you

And I can't stop, can't stop making
Can't stop, can't stop
Can't stop, can't stop shaking
Can't stop, can't stop
Can't stop (100x)

And I can't stop thinking about moments that I lost to you
And I can't stop thinking about things I used to do
And I can't stop making bad decisions
And I can't stop eating stuff you make me chew
I put on a smile that you wanna see
Another day goes by that I long to be like you
I want to be like you

(2x):

And I can't stop, can't stop making
Can't stop, can't stop
Can't stop, can't stop shaking
Can't stop, can't stop
And I can't stop
