

## Killing Time

### Infected Mushroom

In my dreams  
I can kill you  
Close to me  
You open the cage and he sets you free  
Come to me  
We run away forever from this misery  
Lost my mind  
Are you calling me

Killing time that I left behind  
Everything changes to a point that it stops and it turns around  
I'm always falling down

Killing time that I left behind  
Everything changes to a point that it stops and it turns around  
It's coming for you now

So how can it be  
The color of the world had turned dark for me  
Falling free  
Losing my reflection and my clarity  
Talk to me  
I feel the sickness taking over me  
Let me be  
Imagining that you are here with me

Killing time that I left behind  
Everything changes to a point that it stops and it turns around  
I'm always falling down

Killing time that I left behind  
Everything changes to a point that it stops and it turns around  
It's coming for you now
