

Everlasting Lethargy

Infected Rain

To chaos we obey
We all live in disarray!

What is wrong with the world today?
What?
Too fast

What is wrong with the world today?
It's either too fast or everything is delayed
Decisions are rushed, expectations high
Impossible to tell the wrong from right

Time is the fire in which we burn!
Values are wrong, we took the wrong turn
Nothing can grow, nothing can become
In the kingdom of death that created time

Time, that created time

You don't have to see in order to believe!
You have to believe in order to see
Wake up!
You don't have to see
You have to believe
Stand up!
Wake up from the everlasting lethargy

Stand up if you want to achieve
Wake up from the everlasting lethargy

Catatonic nation
With power over nothing
With faceless ambitions
Standing for nothing!

The ignorance is mesmerizing
Hunger for power is metastasizing
To chaos we obey
We all live in disarray
