

Fighter

Infected Rain

Irreparably brokenhearted
By ghosts of past forever hunted
Milk and fire in your veins
Consequences of past mistakes
Fighter, Fighter!

Today, right now
All you've got is this!
Pain and rage
Suffocating abyss!

Today, right now
All you've got is this!
Pain and rage
Suffocating abyss!

Irreparably brokenhearted
By ghosts of past forever hunted
Milk and fire in your veins
Consequences of past mistakes
Milk and fire in your veins
Consequences of past mistakes

Open up, let it bleed
Do it again, follow your creed!
Today, right now
All you've got is this!
Pain and rage
Suffocating abyss!

Today, right now
All you've got is this!
Pain and rage
Suffocating abyss!

Chew it up! Spit it out!
Fight it with all your gut!

Cast away the faceless faces!
Reap apart all that is useless!
Cast away the faceless faces!
Reap apart all that is useless!

Chew it up! Spit it out!
Fight it with all your gut!
Chew it up! Spit it out!
Fight it with all your gut!

You got this, you're a winner
A fight machine, a killer!
You got this, you're a winner
A fight machine, a killer!
Fighter, Fighter!
Fighter, Fighter!
