

Nine, Ten

Infected Rain

Never sleep again!
Are you asleep or are you awake?
Never sleep again!

Darkness like solid silver
The moon light grows dimmer
Nursing the heavy burden
9, 10 never sleep again!

Lost in your surroundings
Stuck within your boundaries
Vigil, wakeful life
Festered into the night

The moonless, sleepless night
Put a shadow on your eyes
Thoughts wandering aimlessly
Surrender to the dark carelessly

Darkness like solid silver
The moon light grows dimmer
Nursing the heavy burden
9, 10 never sleep again

All around you empty and black!
Are you asleep or are you awake?

Never sleep again!
