

Postmortem Pt. 2

Infected Rain

All the things you have don't belong to you!
Don't belong to this world, they are not a part of you!

Your backpack is full of questions and doubts!
About what's good what's bad
About what's wrong what's right
Your lips are dry, you're thirsty for life!
But your strong fears blossom and thrive

Loneliness, your constant companion
This endless path is your rebellion
Terra incognita become your destination
The road is calling you to your annihilation

Let the demons dance and thrive
Opening the windows in the night!
Deep night
Dive fearlessly into a new chapter
Full with life, full with laughter!

All the things you have don't belong to you!
Don't belong to this world, they are not a part of you!

Your backpack is full of questions and doubts!
About what's good what's bad
About what's wrong what's right
Your lips are dry, you're thirsty for life!
But your strong fears blossom and thrive

Let the demons dance and thrive
Opening the windows in the night!
Deep night
Dive fearlessly into a new chapter
Full with life, full with laughter!
