

You Lie... And Yo Breath Stank

Infectious Grooves

You lie and yo breath stank you lie and yo breath stank

Save your time don't give me that speech
And use that time to go brush your teeth
A good mouthwash would be a start
Cause your breath done smell like your mouth done a fart

You lie and yo breath stank
So bad it makes it hard to think
You lie and yo breath stank
Smells just like it's a septic tank

You lie and yo breath stank you lie and yo breath stank
Damn homeboy won't you chew on some gum
You smell like a mixture of chili dogs and rum
Don't be cheap and juts chew on a stick
Throw in the whole pack and chew on it quick

You lie and yo breath stank
So bad it makes it hard to think
You lie and yo breath stank
Rolls me over like a Sherman tank

You lie and yo breath stank you lie and yo breath stank
Open your mouth the whole room stunk
You need a chisel to hammer off the funk
Your breath would turn a shirt into lint
So do us all a favor and suck on a mint
You lie and yo breath stank you lie and yo breath stank
Open your mouth just another lie
What's that smell did somethin' die
A funky kind of stank that makes you go phew
Took a wiff straight out it was coming from you

You lie and yo breath stank
So bad it makes it hard to thank
You lie and yo breath stank
So bad damn your breath is rank
Damn yo breath stank
