

## Lying To Myself

Infest

I gotta make a change  
Even if it kills me  
No more shit  
Shot in these veins

Too many years  
Lived half alive  
f\*\*ked on drugs  
Lost in space  
Lying to myself  
Can't stand the sight  
Of my own face

I know I can do it  
Cause I've done it before  
I know I can fail  
Cause I've done it more  
I try to be positive  
But only dwell on the negative  
I'd try to tell you different  
But I'd only be  
Lying to myself  
Can't stand the sight  
Of my own face
