

## Deflated

Ingrowing

look into the emptiness among dimensions  
is that a graceful spectacle, isn't it?  
the time changes its shape here, weightless, flexible  
deflated physical is not so onerous right now  
deflated...  
fading...  
coloured...  
iridescent...  
look into the deflated polyangular time  
into the innards of your own,  
inflated fate  
you are passing away  
as all around us  
welcome here in white light,  
in the end of corridor  
corporeality kiss goodbye...
