

Nonnative Arousal

Ingrowing

Chemicals are flowing around me in veins
So strange feelings are really thrilling me
Nonnative arousal of all my senses, an aetheric spree
What an elation, what kind of ecstasy, I feel so free
Observing my body, trembling with the glee
Where are so alien thoughts of sorrow
So sweet spastic waves are overwhelming me
That's the lust I really want to follow
Nonnative arousal of all my senses, an aetheric spree
What an elation, what kind of ecstasy, I feel so free
What is hammering in my brain?
Why do I feel the love and disdain?
Drug time... (2x)
This is drug of time, this is drug of time... (2x)
