

You Are My Peace

Inhabited

You are my peace
You alone calm all my fears
You bring me to life when I'm weak
You alone are my strength
You called me out of darkness into your light
You alone are my desire

It's you oh, you covered my shame
You carried my burden you healed my pain
And it's you oh, you lifted me up
You gave me a reason to sing

You are my joy
You alone know all my needs
You still the storm in me
You alone set my heart free
You called me out of darkness into your light
you alone are my desire

It's you oh, you covered my shame
You carried my burden you healed my pain
And it's you oh, you lifted me up
You gave me a reason to sing

You called me out of darkness into your light
you alone are my desire

It's you oh, you covered my shame
You carried my burden you healed my pain
And it's you oh, you lifted me up
You gave me a reason to sing
