

# Dream About the Ocean

Inna

Changes in the skyline  
Running but I can't hide  
Gotta find my way  
And I'ma be alright then  
Stopping all the chasing  
Starting by replacing  
Everything that's wrong  
And I'ma be alright then

But in the mirror, it's not me who I see  
Don't remember me being so weak  
No, no  
I don't know what to do  
Guess I never knew  
I need a moment for me  
Me, myself and I, I

Now let me dream about the ocean  
When the sun is, sun is rising in slow motion  
(Before my eyes) let me dream about the ocean  
And I'ma be, I'ma be alright  
I'ma be my guy, in the night

(Uh, uh) I'ma be alright  
(Uh, uh) Na na  
(Uh, uh) I'ma be alright  
I'ma be alright

Changes in the skyline
