

Gimme Gimme

Inna

I pulled up to a palace in no town
Twenty minutes from Bali, oh yeah
Got a feeling that it's about to go down
Party people wanna party so I say

Gimme, gimme, gimme, gimme that love
Gimme, gimme, gimme, gimme that love
I'mma love you, love you, love you long time
So give me, give me the way that I like it

Everybody outside when the night ends
We can do it all again when the sun's up
You know I really wanna be dirty wind in
You know you really wanna give me your love

Gimme, gimme, gimme, gimme that love
Gimme, gimme, gimme, gimme that love
I'mma love you, love you, love you long time
So give me, give me the way that I like it

Baby, when I see you
I want you, want you, want you
My body, body go crazy, crazy cause
I need you, need you, need you
Baby, when I see you
I want you, want you, want you
My body, body go crazy, crazy
Gimme, gimme, gimme that love
Gimme, gi-gimme that love
Gimme, gi-gimme that love
Gi-gimme, gi-gimme that lo-o-o-o-ove
(Give me, give me now)

Gimme that...
Gimme, gi-gimme that...

Hang out with my girls in Nevada
Caliente, we'll be looking for fun
No rush but just don't make it harder
We both know that you really wanna

Gimme, gimme, gimme, gimme that love
Gimme, gimme, gimme, gimme that love
I'mma love you, love you, love you long time
So give me, give me the way that I like it

Baby, when I see you
I want you, want you, want you
My body, body go crazy, crazy cause
I need you, need you, need you
Baby, when I see you
I want you, want you, want you
My body, body go crazy, crazy
Gimme, gimme, gimme that love
(Give me, give me now)

Gimme that...

Gimme, gi-gimme that...

We can do it the way I like it
(Gimmie, gimmie the way I like it)
We can do it the way I like it
Gimme, gi-gimme that...
Gi-gimme that...
Gi-gi-gi-gi-gimme that...
(Give me, give me now)

Gimme that...
Gimme, gi-gimme that...
Gimme that...
