

Live Your Life

Inna

Who do you think you are?
Say you love me, then you break my heart.
Feel me up and then you knock me down,
Hold me close and I will be around.

Caught my patience, running out of time,
I keep my cool, but now I lost my mind.
What kind of monster are you?
Cause all I do is love you.

Live your life, live your life,
Live your life, live your life,
Live your life, live your life...

Who do you think you are?
Going on like you're some kind of star
Thinking you can pick and chose,
Playing games thinking you'll never lose.

But let me pay you a reality check,
All those kisses on the back of my neck
Were bout my shrugs, bout my love,
You fool, cause all I do is love you.

Live your life, live your life,
Live your life, live your life,
Live your life, live your life...
