

## Solo

Inna

Give me a sign when you set up your mind  
Give me a sign when, ooh  
When you took a decision to be on my mind  
Give me a sign then

You know I'll be there forever to guide you home  
Baby, I'm on your side, every time on your side  
Just one step at a time and we'll get it right, you know  
Baby, I'm on your side, your side

Sing to me, "dum-da-da-da"  
Just sing your love to me again, your dum-da-da-da  
So, baby, you should know, da-da-da  
Don't wanna be alone again, your dum-da-da-da  
So, baby, I don't wanna be solo, pa-ra-ra-ra-ra  
Don't you leave me solo, solo, ra  
I don't wanna be solo, pa-ra-ra-ra-ra  
Don't you leave me solo, solo, ra

Patience and time, that's how you're making it right  
I'll give you a time when  
When you're ready to be both the rhythm and rhyme  
So give me a sign then

You know I'll be there forever to guide you home  
Baby, I'm on your side, every time on your side  
Just one step at a time and we'll get it right, you know  
Baby, I'm on your side, your side

Sing to me, "dum-da-da-da"  
Just sing your love to me again, your dum-da-da-da  
So, baby, you should know, da-da-da  
Don't wanna be alone again, your dum-da-da-da  
So, baby, I don't wanna be solo, pa-ra-ra-ra-ra  
Don't you leave me solo, solo, ra  
I don't wanna be solo, pa-ra-ra-ra-ra  
Don't you leave me solo, solo, ra

Solo  
Solo, solo, solo  
Solo  
Solo, solo, solo

Baby, I don't wanna be solo, pa-ra-ra-ra-ra  
Don't you leave me solo, solo, ra  
I don't wanna be solo, pa-ra-ra-ra-ra  
Don't you leave me solo, solo, ra
