Give me a sign when you set up your mind Give me a sign when, ooh When you took a decision to be on my mind Give me a sign then

You know I'll be there forever to guide you home
Baby, I'm on your side, every time on your side
Just one step at a time and we'll get it right, you know
Baby, I'm on your side, your side

Sing to me, "dum-da-da-da"

Just sing your love to me again, your dum-da-da-da

So, baby, you should know, da-da-da

Don't wanna be alone again, your dum-da-da-da

So, baby, I don't wanna be solo, pa-ra-ra-ra

Don't you leave me solo, solo, ra

I don't wanna be solo, pa-ra-ra-ra

Don't you leave me solo, solo, ra

Patience and time, that's how you're making it right I'll give you a time when When you're ready to be both the rhythm and rhyme So give me a sign then

You know I'll be there forever to guide you home
