Hey Love! Uh!

Have you ever looked out your window In the morning time Listen birds singin' sweet songs Echoes in your mind

Misty morning glowing sunshine What a beautiful sight Whoah, good-byes never leaves my mind

But when I think of all the hate in the world There is so much beauty in nature's way If the birds can live together It ain't hard for us to say

Hey love, hey love, hey love, hey love...hey love
Hey love, hey love, hey love, hey love, hey love...hey

Hey love, hey love, hey love, hey love, hey love...hey love

Stop the wars and come together Love one another Lost boats make us love each other We've got to free our minds, uh

Touching me and touching you What a feeling inside
Make you wanna sing
And wear a smile

People make the world go 'round and 'round Some have cried the tears of a clown All just die 'cuz they couldn't live it down Still it's hard for us to say

Hey love, hey love, hey love, hey love...hey love

Hey love, hey love, hey love, hey love...hey love

Hey love, hey love, hey love, hey love, hey love...hey love (sing!)

Hey love, hey love, hey love, hey love...hey love

But when I think of all the hate in the world And there is so much beauty in nature's way If the birds can live together It ain't hard for us to say

Hey love, hey love, hey love, hey love...hey love (uh!)

Hey love, hey love, hey love, hey love...hey love (spread your love around the world)
Hey love, hey love, hey love, hey love, hey love...hey

love (hey love, anything your brother, your sister)

Hey love, hey love, hey love, hey love...hey love (your mother and your neighbors)

Hey love, hey love, hey love, hey love, hey love...hey love (throughout the universe, spread your love)

Hey love, hey love, hey love, hey love, hey love...hey love (c'mon, give it to the babies)

Hey love, hey love, hey love, hey love, hey love...hey love (na...na, na, na, na, na, na, na, na, na)
