Rough Boy

Inner Circle

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

Like walking in the rain
Chill your brain before you go insane
Take a stand on love
Give praises to Rasta above, oh

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

Now we're taking it to the top
Never stop, won't stop and never will stop, oh
Hotter the battle, sweeter the victory
Life is for you and life is for me, oh

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

Take a chance, take a chance on life
Take a chance, take a chance on life

Runnin' on the avenue with friends you never knew
Follow bad company then you're bound to feel blue
Reggae with fire then you're most get burnt
Give up the life and live and try to live and learn

Walking in the rain and chill out your brain
Before you go insane take a walk down the lane
And take a stand on love

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

Like walking in the rain
Chill your brain before you go insane
Take the stand on love
Give praises to Rasta above

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
Haven't you got better things
To do with your life?

So you wanna be a rough boy
So you wanna fight
