Save the Robots

Save the robots Save yourselves Keep your head to the future boy For everything it's worth I didn't mean to collide with you We fell so far from earth No guru No system No mantra Save the robots Save your friends Try a little selfless Try whatever works No guru No system No mantra No mantra So don't you try me You'll never find me I was here before You're never found me then No guru No system No mantra No mantra No mantra No mantra Save the robots Save the robots Save yourselves Save yourselves Save yourselves
