

## Point Of Uncertainty

## Into Eternity

Personal glory clouds your mind  
Another victim of circumstance

Point of uncertainty  
Words escape me

Praised by your peers  
Cascade like god  
Your new life decays since you've strayed

Point of uncertainty  
Words escape me

You've sold my dignity  
Accusing me of this forgery  
Fuck you and your snub perception  
I'll transcend and rise above

Point of uncertainty  
Words escape me

You've sold my dignity  
Accusing me of this forgery  
Fuck you and your snub perception  
I'll transcend and rise above
