

Dead To The World

Intohimo

I want to be like you, so clean and so perfect.
I want to be like you, that only you can be.
That only you can be, help me through this.
Clean my heart, heal my soul.

Which way is right, which way?
Help me to see I want to be clean just like you,
Like you I want to be.

When I fall, when I'm lost, when I'm weak,
You're still string in me.
