Abyss

Intwine

Need to get out
Walk it away

Staring out (...)
Lights get brighter the closer you get

What a beautiful day I will miss
Cause I'm stuck here again, my abyss
Drowning myself before (...)
And I'm (...) myself (.../down?)

(...)
Can't seem to win

Looking up from the dark hole upon myself
In control (...) carry on

What a beautiful day I will miss
Cause I'm stuck here again, my abyss
Drowning myself before (...) bad/bed look
And I'm (...) myself (.../down)

What a beautiful day I will miss
Cause I'm stuck here again, my abyss
Drowning myself before (...)
And I'm (...) myself (.../down)

Help me
Save me from (...)
Change me
(.../It's all out of control?)
Hold me
Never let me go
(...)
Nowhere else to go
