

Coco Song

Intwine

Met you al long time ago
I remember your face
You were trying to make it in
Wasn't your time or your place

You'll make it in for sure
You got in my head and I know
If this is a dream, I don't want to go
I don't want to go

As I sat down beside you on the floor
I imagine the tears
This is so much scarier than before
Scary in a beautiful place

You'll make it big for sure
You will get ahead and I know
This isn't a dream, I won't have to go
And I won't have to go

And if I wake up
I hope you're by my side
Making it good, making me feel alive
Give in to this and I will be you're guide
You won't need your mask
And you won't have to hide
And you won't have to hide

Shed it all off
Shed it all off
This says it all
I stand in all

won't have to hide
won't have to hide
won't have to hide
won't have to hide
won't have to hide
won't have to hide
