

Raped

Inveracity

Lying down violated, beaten and despoiled
Watching her efeminated, let her blood paint the ground
Disinfecting you from sin by lewding on your naked body
This horrid torture remains as I'm violently touching your skin
Screams never heard, abused to the extreme
This horrid torture remains and nothing can stop your demise
Reaped - she looks like she's dead
But she's just been raped
Raped - Abandoned - Disgraced
Raped on the floor, dead naked whore
Disinfecting you from sin
By lewding on your naked body
Screams never heard
As I'm violently touching your skin
