

# Give Me Love

Irene Cara

I don't need your diamond rings to shine  
Upon my hand  
All the so-called finer things won't meet  
My heart's demand  
So, shower me with something baby, I just  
Can't refuse  
'Cause nothing else can take the place of  
What I need from you

Give me love, I can depend on  
Give me love, and nothing less than  
Your love  
Just, give me love

I don't need the promises you whisper in  
My ear  
Spare me all the plans and dreams, this  
Girl has had her share  
I think that you should know by now intentions  
Are just fine  
But only love will show you how to win this  
Heart of mine

Give me love, I can depend on  
Give me love, and nothing less than  
Your love

Love me forever and stay by my side  
Love is the key in this lone lonely ride  
Give me one treasure that will satisfy  
Nothing else will do, it's all I need  
From you

Give me love, I can depend on  
Give me love, and nothing less than  
Your love  
Give me love, love I can depend on  
Give me love, and nothing less than  
Your love

Love me forever and stay by my side  
Love is the key in this lone lonely ride  
Give me one treasure that will satisfy  
Nothing else will do, it's all I need  
From you

Give me love, love I can depend on  
Give me love, and nothing less than  
Your love

Give me love, love I can depend on  
Give me love, and nothing less than  
Your love

Give me love, love I can depend on  
Give me love, and nothing less than  
Your love
