

Wrong Turn

Iron Fire

Came out of nowhere
From the clear blue sky
Emotional warfare
Are you ready to say goodbye
On a day of slaughter
On a night of gore
Forced across the border
Things will never be like before

Where is the smoke
there is a fire burning
Deep inside my heart
On words we choke
And keep on falling
Tearing it all apart

Heading for a wrong turn
Fighting for our own survival
Seeding for a flesh burn
Personal hell revival
Heading for a wrong turn
It's carnival of agony
Seeding for a flesh burn
Forever friend in misery

Wrong turn, wrong turn

A life-changing moment
Never meant to repeat
Trapped in this moment
Am I the devil seed
It's time for a showdown
We are in for the kill
Got lost in hell town
From here it's only uphill

Where is the smoke
there is a fire burning
Deep inside my heart
On words we choke
And keep on falling
Tearing it all apart

Heading for a wrong turn
Fighting for our own survival
Seeding for a flesh burn
Personal hell revival
Heading for a wrong turn
It's carnival of agony
Seeding for a flesh burn
Forever friend in misery

Will there be a light in the dark
And will we ever find a way
Forever searching
For a new and better dawn
In the horizon

There is a storm coming

Heading for a wrong turn
Fighting for our own survival
Seeding for a flesh burn
Personal hell revival
Heading for a wrong turn
It's carnival of agony
Seeding for a flesh burn
Forever friend in misery
