

A man decides after seventy years  
That what he goes there for is to unlock the door  
While those around him criticize and sleep

And through a fractal on a breaking wall  
I see you my friend and touch your face again  
Miracles will happen as we trip ooh oh oh

But we're never gonna survive unless we get a little  
crazy  
No we're never gonna survive unless we are a little  
crazy

Yellow people walking through my head  
One of them's got a gun to shoot the other one  
And yet together they were friends at school oh get it  
get it no

If all were there when we first took the pill  
Then maybe then maybe then maybe then  
Miracles will happen as we speak

In a sky full of people only some want to fly isn't  
that crazy  
In a world full of people only some want to fly isn't  
that crazy  
In a heaven full of people there's only some want to  
fly ain't that crazy  
In a world full of people there's only some want to fly  
ain't that crazy  
Ain't that crazy

But we're never gonna survive unless we get a little  
crazy  
No we're never gonna survive unless we are a little  
But we're never gonna survive unless we get a little  
crazy  
No we're never gonna survive unless we are a little  
just a little crazy

And then you see things the size of which you've never  
known before  
They'll break it someday only child know  
Them things the size of which you've never known before  
Someday someday someday someday
