

# I Surrender

Iron Savior

Helpless  
Like a drowning on the sea  
Broken hearted  
Not half the man  
I used to be  
You stepped into my life  
Like sun after the rain  
To ease the pain

I surrender  
I'm giving in this fight  
I surrender  
I'm giving in to love  
Rescue me tonight

Uhh please forgive me  
For the hurt and for the tears  
I wasn't read  
Still lost in all my fears  
But in the end  
The craving of my heart  
Led me to you  
Out of the dark

I surrender  
I'm giving in this fight  
I surrender  
Rescue me tonight  
To the craving of my heart  
You are the sun  
That lights up the dark  
You are the one  
Forever I will love you  
With all my heat
