

# The Savior

Iron Savior

Out in the vast  
Where time is standing still  
I have been looking for sanctuary  
Left the world behind  
To find some peace of mind  
Now I am one with eternity

Millenniums are passing  
In the blink of an eye  
While I was searching my very soul  
Longing for the answer  
To the question of it all  
Is it man or machine in control?

Far beyond on cosmic winds  
I have been meeting my fate  
Now I see  
That the answer's been in me

I am the Savior  
The chosen one  
I am the ultimate dream  
I am man and machine  
I am the Savior  
The only one  
And from eternity  
I will return  
Time has come  
Time has come

Used to be a traveler  
On a never-ending ride  
Touching the end of the Universe  
Never to rest  
Always on the quest  
For deliverance from the eternal curse

Far beyond on cosmic winds  
I saw the truth to it all  
Now I see  
What the future holds for me

I am the Savior  
The chosen one  
I am the ultimate dream  
I am man and machine  
I am the Savior  
The only one  
And from eternity  
I will return  
Time has come  
Time has come
