

# Thing For You

Isaac Hayes

If the music make you move  
'Cause you can really groove  
Then groove on, groove on  
If you feel like you wanna make love  
Under the stars above  
Love on, love on  
If there's something you wanna say  
And talkin' is the only way  
Rap on, oh, rap on  
'Cause whatever you do  
Oh, you've got to do your thing  
If you feel like you wanna scream  
'Cause that's your way of lettin' off steam  
Scream on, scream on  
If you feel like you wanna sing  
'Cause singing is your thing  
Sing on, sing on  
If you wanna make love all night  
And you feel it's right  
Right on, right on  
Cause whatever you do  
Oh, you've got to do your thing  
Do your thing
