

# Love Me Wrong

Isak Danielson

You make me want to make mistakes  
You turn temptation into my best friend  
You make me just give up and cave  
Will I ever fall in love like this again?

I'm in Hell  
Your taste your smell  
I know you far too well  
It's a spell  
That took me from a dream to this motel  
I ring the bell because honestly I'd rather be with you than by myself

So love me wrong if you can't love me right  
All I want is to be in your lies  
You're the one who builds my paradise  
Love me, love me wrong  
Love me, love me wrong  
If you can't love me right

You make me take what I can get  
Your love is poison that won't let me live  
You make me drunk and desperate  
'Cause it helps me to forget what you don't give

I'm in Hell  
Your taste your smell  
I know you far too well  
It's a spell  
That took me from a dream to this motel  
I ring the bell because honestly I'd rather be with you than by myself

So love me wrong if you can't love me right  
All I want is to be in your vice  
You're the one who builds my paradise  
Love me, love me wrong  
Love me, love me wrong  
If you can't love me right

(Love me wrong)

I'm in Hell  
Your taste your smell  
I know you far too well  
It's a spell  
That took me from a dream to this motel  
I ring the bell because honestly I'd rather be with you than by myself

So love me wrong if you can't love me right  
All I want is to be in your vice  
You're the one who builds my paradise  
Love me, love me wrong  
Love me, love me wrong  
If you can't love me right

Can you just love me wrong  
If you can't love me right  
All I want is to be in your vice

You're the one who builds my paradise  
Love me, love me wrong  
Love me, love me wrong  
If you can't love me right
