Itchy Poopzkid

Oh oh oh  
All the energy is low  
I fall asleep and she 's getting higher than the rest  
She 's never ever second best  
Oh oh oh  
All the energy is low  
I fall asleep and she 's getting higher than the rest  
She 's never ever second best

She 's faking  
Every moment of every single day  
She 's taking  
She 's taking pills that will make her fly away  
She don 't need  
Need no reason she 's busting out in tears  
She 's friends with  
With the devil and she smiles when he appears

Welcome to the show  
This is her adventure  
She 's killing you for sure

All the energy is low  
I fall asleep and she 's getting higher than the rest

She 's talking  
Less to me but the voices in her head  
She 's losing  
Losing her mind but she opens mine instead  
She 's shaking  
She got scared from the demons in the dark  
She 's running  
Running away from the cops in her backyard

Welcome to the show  
This is her adventure  
She 's killing you for sure

Hell breaks lose the girl seems to enjoy  
Passed out on the floor so paranoid  
Her intoxicating company  
Used up what was left insanity
