

# Suffering

Ivanhoe

Another time you seize my day  
Wont you try another way  
I am not the one you love  
you cast the spell so take it off me  
Offerings easy to see  
You warm me in your pillory  
Offensive is your style of play  
Reflections for what`s holy

Infection of my faith  
Betray my soul it`s suicide  
Use all worries I am in  
To get me out of pain  
and make me suffering

Youre wrapped around my soul  
Warmin` my mind  
Just trying all the time  
Let`s get suffering  
Wrapped around my thoughts  
Leaving us behind .....dying all the time  
Wrapped around my soul  
Warmin` my mind

Suddenly I'm on your way  
You love it if I`m here to stay  
You are not the one I love  
So don`t pretend and take it off me

Fairy tale it`s not for me  
It`s like a living misery  
All the tricks to get me in  
Reflections for what`s holy

Infection of my faith  
Betray my soul it`s suicide  
Use all worries I am in  
To get me out of pain  
and make me suffering

You`re wrapped around my soul  
Warmin` my mind  
Just trying all the time  
Let`s get suffering  
Wrapped around my thoughts  
Leaving us behind .....dying all the time  
Wrapped around my soul  
Warmin` my mind
