

It Ain't Easy

Ivy Levan

Inside me, a fire's still burning
I wake up each morning
Tryna to figure it out
I know that the world keeps turning
But I keep on hurting
The one I care about

But I keep on trying
And I keep on trying
Oh, you'll never see
That it ain't easy, it ain't easy
Loving me
Loving me
Loving me

Stay with me and things will get better
I never say never
But there's never a doubt
I don't want to end up divided
I've already decided
That I'll find this one out

But I keep on trying
And I keep on trying
Oh, you'll never see
That it ain't easy, it ain't easy
Loving me
Loving me
Loving me
Loving me

Baby sit tight, it's a long ride
As long as I die with you by my side
Now that you're here, I never want you to leave
You best believe that...

It ain't easy
No it ain't easy, no it ain't easy
No it ain't easy, loving me
