

Like A Glove

Ivy Levan

I'm actin' silly, got me singin' a song, yeah
I never thought I'd get so stupid on someone
I did my hair like I know that you like
Ain't it funny how I'm losin' my mind

Cause you got me you got me spinning around
Yeah you got me you got me freaking out

Yeah you
Yeah you fit me like, fit me like a glove
Yeah you
Yeah you fit me like, fit me like a glove

I gotta warn ya that I mean what I say, yeah
If you were smart then you'd be feelin' the same
I wore 'dem jeans like I know that you like
I must be out of my god damned mind

That voodoo that you do has got me so crazy
Yeah who knew we had to be together baby

Yeah you
Yeah you fit me like, fit me like a glove
Yeah you
Yeah you fit me like, fit me like a glove
Yeah you
Yeah you fit me like, fit me like a glove
Yeah you
Yeah you fit me like, fit me like a glove

Okay

We got a connection
I got a confession
I got an erection
Yeah you get the message

Every time that we get naked
We gon' leave the bedroom messy
Yeah she wake me up for breakfast
Man she crazy and she sexy
Ooo i should tell my mom about us
If we ever split up I think imma need
Some counseling

Remember when you told me maybe we should take a break?
Then I showed up at your place with a shotgun and some mace like
"Where you goin'?" I just wanna talk"

If you ever call it off you gon' have to call the law
I'ma getcha
Getcha getcha getcha getcha
Getcha getcha getcha getcha
I'ma getcha

That's the way I like my love
(You know what I like, that's why I like you)

That's the way I like my love
(You know what I like, that's why I like you)

Yeah that voodoo that you do has got me so crazy
Yeah who knew we had to be together baby

Yeah you
Yeah you fit me like, fit me like a glove
Yeah you
Yeah you fit me like, fit me like a glove
Yeah you
Yeah you fit me like, fit me like a glove
Yeah you
Yeah you fit me like, fit me like a glove
