

Intermission

Iwan Rheon

Blue bruise relief
Comfort me
I am gone
Head to my knees
Cold, cold feet
I am lost

But in the dark
Don't tear it out
Cause this fear
Is what's real
This fear
Is what's real
Oh this fear
Is what sets us apart

Three hundred feet
Falling free
This is real
My ancestry
Sing for me
Such relief

But in the dark
Don't tear it out
Cause this fear
Is what's real
This fear
Is what's real
Oh this fear
Is what sets us apart [x2]
