

Saw her in a sandwich shop a million miles away,  
She acts (if maybe not the best) and I think it's okay,  
She sings her simple new wave songs with alien inspiration,  
I collect her photos from Yes! Communication

I want to see Faye Wong,  
I want to see Faye Wong,  
I want to see Faye Wong,  
So I can try to sing along,  
I want to see Faye Wong,  
I want to see Faye Wong,  
I want to see Faye Wong,  
So I can try to sing along

I don't know any titles of any of her songs,  
I thought I wouldn't like it but I found out I was wrong,  
Hands on eyes and ears and mouth, don't make any sense,  
I would be her Tony Leung if given half the chance

I want to see Faye Wong,  
I want to see Faye Wong,  
I want to see Faye Wong,  
So I can try to sing along,  
I want to see Faye Wong,  
I want to see Faye Wong,  
I want to see Faye Wong,  
So I can try to sing along

I want to see Faye Wong,  
I want to see Faye Wong,  
I want to see Faye Wong,  
So I can try to sing along,  
I want to see Faye Wong,  
I want to see Faye Wong,  
I want to see Faye Wong,  
So I can try to sing along
