

Forbidden Fruit

J. Cole

Me and my bitch, took a little trip
Down to the garden, took a little dip
Apple juice falling from her lips took a little sip
Little sip
Took a little sip, took a little sip
...took a little, took a little, took a little sip
Uh huh

Ey yo, I walked through the valley of the shadow of death
When niggas hold tec's like they mad at the ref
That's why I keep a cross on my chest, either that or a vest
Do you believe that Eve had Adam in check? And if so
You gotta expect that to sip juice
From the forbidden fruit and get loose
Cole is the king, most definite
My little black book thicker than the old testament
Niggas pay for head but the pussy sold separate
Same bitch giving brains to the minister
The same reason they call Mr. Cee "the finisher"
Forbidden fruit, watch for the Adam's apple
Slick with words don't hate me, son
What you eat don't make me shit
And who you fuck don't make me come
Put a price on my head won't make me run
Try to kill me but it can't be done
Cause my words gon' live forever
You put two and two together Cole here forever

Me and my bitch, took a little trip
Down to the garden, took a little dip
Apple juice falling from her lips took a little sip
Little sip
Took a little sip, took a little sip
...took a little, took a little, took a little sip
Uh huh

Bitches come and go (you know that)
Money come and go (you know that)
Love come and go (don't shit last)
Bitches come and go (you know that)
Money come and go (you know that)
Love come and go (don't shit last)

Take a seat baby girl you've been all in my mind
I know I ain't called gotta pardon my grind
Just copped a maroon 5, no Adam Levine
Came a man by myself, only father was time
I know she relate baby daddy ain't shit
So she raised that nigga kids but she swallowing mine
And that's why you all in my mind
All in my line like calling number nine
Cause a nigga poppin' like Harlem in the nine-
Seven, way before Mase was a reverend
I was a young niggas making A's at 11
At 12, tryna get that taste of the heaven, or hell...
Only time will tell
Fuck her while her mama home "baby, don't yell"

How many record do a nigga gotta sell
Just to get the cover of the XXL
A fader, fuck a magazine hater
When I say that I'm the greatest I ain't talking about later
I'mma drop the album the same day as Kanye
Just to show the boys the man now like Wanye
And I don't mean no disrespect, I praise legends
But this what next the boy sick, can't diss him
Life's a bitch and the pussy's wet
My clip is loaded and this the kiss of... death. Blah.

Me and my bitch, took a little trip
Down to the garden, took a little dip
Apple juice falling from her lips took a little sip
Little sip
Took a little sip, took a little sip
...took a little, took a little, took a little sip
Uh huh

Bitches come and go (you know that)
Money come and go (you know that)
Love come and go (don't shit last)
Bitches come and go (you know that)
