

Where the Sun Don't Shine

J. J. Cale

You told me, you didn't love me no mo!
Yes I've heard, that one before.

Same thing, same news.
You treat me like a fool
That you can use.

Let me tell you,
I wont be kind:
"you can put it right there
Where the sun don't shine"

I ain't lying.

"Where the sun
Don't shine".

You can take this,
Put it away,
Or you can use it,
Another day

Just remember, keep this in mind
"you can put it right there
Where the sun don't shine"

Last time I seen you,
You was on my back.
Been so many times,
I can't keep track

You play rough'
You know it's true
I've got some information'
Just for you.

You can talk to me,
N you will find:

"You can put it right there,
Where the sun don't shine"

I ain't lying

"Where the sun don't shine!"
