

Angel

J Rice

I'm looking at an angel
And believe me when I say
She got that whole place blowing
got that whole place blowing
got that whole place glowing,
I'm looking at an angel
And believe me when I say
She got that whole place glowing
got that whole place blowing
got that whole place blowing
Way above the clouds in the sky singing...

She got wings, she got a halo
It seems to me so unnatural
Cause that's one thing, that I don't know
What seems to be so incredible
She looked at me took me by surprise yeaaahh
As if she took me by the hand to some foreign land
And had me way up
Way above the clouds in the sky singing...

I'm looking at an angel
And believe me when I say
She got that whole place blowing
got that whole place blowing
got that whole place glowing,
I'm looking at an angel
And believe me when I say
She got that whole place glowing
got that whole place blowing
got that whole place blowing

I'm looking at an angel
And believe me when I say
She got that whole place blowing
she got that whole place
she got that whole place
