

Beautiful World

J Rice

Floatin on a cloud and I won't come down
I just need a couple more minutes now
I'm fallin in love, with these biomes
Just a little further, there's my home

Oh, it's a beautiful world
it's a beautiful world
it's a beautiful world
it feels like we are losing grip

Oh, It's a beautiful world
it's a beautiful world
it's a beautiful world
as long as we don't ruin it

I remember when, the ore would never end
and if you wanted diamonds, didn't have to pretend
Now when I look around, can't even spot a tree
how is it possible to have so much greed

Well we started off small, just a cobblestone wall
but then kept on mining till we felt we had it all
I can't even remember why I dig... anymore

Oh, it's a beautiful world
it's a beautiful world
it's a beautiful world
it feels like we are losing grip

Oh, it's a beautiful world
it's a beautiful world
it's a beautiful world
as long as we don't ruin it

Now I've got my eyes wide open
at first I was afraid, but now I'm hopin
we can fix the world that's been broken
Now I've got my eyes wide open
at first I was afraid, but now I'm hopin
we can fix the world that's been broken

Oh, it's a beautiful world
it's a beautiful world
it's a beautiful world
it feels like we are losing grip

Oh, it's a beautiful world
it's a beautiful world
it's a beautiful world
as long as we don't ruin it
