

Blood on My Knees

J Rice

I've been down this road before
Past is knockin' at my door
And it's time to pay, oh...

Whoa-oh-oh
Whoa-oh-oh, yeah
Yeah-yeah-yeah-yeah

Been about a hundred nights and days
You woulda thought by now I'd be
Over you and moved on completely
I'm tryin' everything
Nothin's working yet
Blacked out at a bar
Tryin' hard to forget
But there you go again
Showin' up in my head

It's easy to just walk away
At least it seems for you
I'm on the ground
I'm beggin' now

I've got blood on my knees
I don't want you to leave me
I forget how to breathe
And how to keep this heart beating

Tell me what you thought about the show
You were the only one to see
Did it help you move on completely
It's hard for me to sing
Now that nothin's left
Echoes on a wall
You'll never forget
Here I go again
Showin' up in your head, yeah

It's easy to just walk away
At least it seems for you
I'm on the ground
I'm beggin' now

I've got blood on my knees
I don't want you to leave me
I forget how to breathe
And how to keep this heart beating

I've got blood on my knees
I don't want you to leave me
I forget how to breathe
And how to keep this heart beating

I've been down this road before
Past is knockin' at my door
