

# Fight

J Rice

I've been kicked around,  
And let down,  
Been told a lie,  
And lied about,  
It wasn't until I found you  
Right here in front of me.  
I had to be broken so I could see,  
The angel in front of me,  
And I'll never take for granted,  
Another day.

And I'm gonna fight to keep you mine,  
Before I let you walk out of my life...  
I'll die, If you're not by my side  
I'm gonna fight for the life  
I've been lookin' for ...for so much time  
I'm gonna fight,  
I'm gonna fight.

I've been used a day  
Then thrown away  
Been told to leave  
Then asked to stay  
I was so confuse until  
The day that I met you.

I had to be broken so I could see  
The angel in front of me  
And I'll never take for granted  
Another day.

And I'm gonna fight to keep you mine,  
Before I let you walk out of my life...  
I'll die, If you're not by my side  
I'm gonna fight for the life  
I've been lookin' for ...for so much time  
I'm gonna fight.

Then I'm gonna fight  
For every moment  
That I wasted being broken  
You deserve it, every minute  
And I wanna give it  
All to you so take my hand  
And follow me home  
Cuz you know...  
I'm gonna fight.  
I'm gonna fight,  
Not gonna give up.

And I'm gonna fight to keep you mine,  
Before I let you walk out of my life...  
I'll die, If you're not by my side  
I'm gonna fight for the life  
I've been lookin' for ...for so much time  
I'm gonna fight.

And I'm gonna fight to keep you mine,  
Before I let you walk out of my life...  
I'll die, If you're not by my side  
I'm gonna fight for the life  
I've been lookin' for ...for so much time  
I'm gonna fight.  
I'm gonna fight.
