

# Wish You Were the One That Got Away

J Rice

I never meant to get us in this deep  
I never meant for this to mean a thing  
Oh, I wish you were the one  
I wish you were the one that got away

I got caught up by the chase  
And you got high on every little game  
I wish you were the one  
I wish you were the one that got away

Oh, if I could go back in time  
When you only held me in my mind  
Just a longing gone without a trace  
Oh, I wish I'd never ever seen your face  
I wish you were the one  
I wish you were the one that got away

I miss the way you wanted me  
When I was staying just out of your reach  
Begging for the slightest touch  
Ooh, you couldn't get enough, mmm

Oh, if I could go back in time  
When you only held me in my mind  
Just a longing gone without a trace  
Oh, I wish I'd never ever seen your face  
I wish you were the one  
I wish you were the one that got away

Got away from me  
Got away from me  
Before anybody has to bleed

Oh, if I could go back in time  
When you only held me in my mind  
Just a longing gone without a trace  
Oh, I wish I'd never ever seen your face  
I wish you were the one  
I wish you were the one  
Oh, I wish you were the one  
I wish you were the one that got away
