

## Green or Blue

Jace Everett

I gave up on yesterday  
Ever since you called my name  
I look into your eyes of green  
Sometimes they just look blue to me

And love  
Isn't something that I thought I'd ever find  
And love  
Isn't quite the way I pictured in my mind  
And love  
Yeah, I think it might've made me color blind  
Yes I know your love is true  
What I can't decide is if your eyes are green or blue

Looking back through photographs  
When black and white was all I had  
Rusting in some picture frame  
Right up until you spoke my name

And love  
Isn't something that I thought I'd ever find  
And love  
Isn't quite the way I pictured in my mind  
And love  
Yeah, I think it might've made me color blind  
Yes I know your love is true  
What I can't decide is if your eyes are green or blue
