

G.B. Dawn Blues

Jack Bruce

Sun movin slowly through the street
Birds singin down it's time to eat
Watch people walkin in their sleep

We were together doin fine
Out on the road drinkin that wine
Livin much faster than our time

You made a bargain with the man
Said let them catch me if you can
Soon he was playin in the band

World got you up one afternoon
Busted you down and pretty soon
There you were starin at the moon

Sun movin slowly through the street
Birds singin down it's time to eat
Watch people walkin in their sleep
