

# Love And Beyond

Jackie Boyz

Time moves so fast, where does it go?  
When I was alone, it was so slow.  
Over again, over again  
Where leaving a world that's so cold baby  
Not lookin' back for nothing (Oh baby)

I wanna take our love above the sun  
Explore a galaxy, connect as one (a million miles away from earth) (ooh)  
We're traveling baby, to love and beyond (ohh oohhh ohh)  
Let's go to love and beyond (ohh oohhh ohh)  
To love and beyond.

When will we land?  
We'll never know (oohh)  
But love has a plan for us to go  
Over again, over again  
Where leaving a world that's so cold baby  
Not lookin' back for nothing (Oh baby)

I wanna take our love above the sun  
Explore a galaxy, connect as one (a million miles away from earth)  
We're traveling baby, to love and beyond (ohh oohhh ohh)  
Let's go to love and beyond (ohh oohhh ohh)  
To love and beyond.

Hey now we're flying, oh yeah we're flying  
Hey there we're flying, up and away  
(Oh baby)  
I wanna take our love above the sun  
Explore a galaxy, connect as one (a million miles away from earth)  
We're traveling baby, to love and beyond (ohh oohhh ohh)  
Let's go to love and beyond (ohh oohhh ohh)  
To love and beyond..
