

She's Not Perfect

Jackie Boyz

Oh, oh, oh, oh, oh yeah, yeah, yeah

She's not perfect
But all I want and need
And I won't ever change her
I won't ever let her get away
She's not perfect
But all I want and need
And I can't live without her (Because)
She's not perfect, she's my girl

Mm yeah, mm yeah, mm mm yeah, mm yeah
Mm yeah, mm yeah, mm mm yeah, mm yeah

She's addicted to the fashion life
Loves all the attention
Shoppin' not to mention
Sometimes people ask me why
I let her get so close
Cause they don't really know
The things that she sacrifice
Helped me out when I was close to nothin'
And give me something

Now I can talk about things she don't got
But love for me yeah she got a lot
And I love every thought about her

She's not perfect
But all I want and need
And I won't ever change her
I won't ever let her get away
She's not perfect
But all I want and need
And I can't live without her (Because)
She's not perfect, she's my girl

Mm yeah, mm yeah, mm mm yeah, mm yeah
Mm yeah, mm yeah, mm mm yeah, mm yeah

She's everything to me she's all I know
Sometimes she can be a little insecure
Her flowers need time to grow
A lot of people don't see
The things she do for me
There's no need to ask me why
Just know she's my heart and she's my soul
I wouldn't trade her for gold
No, no, no, no

Now I can talk about things she don't got
But love for me yeah she got a lot
And I love every thought about her

She's not perfect
But all I want and need
And I won't ever change her

I won't ever let her get away
She's not perfect
But all I want and need
And I can't live without her (Because)
She's not perfect she's my girl

Mm yeah, mm yeah, mm mm yeah, mm yeah
Mm yeah, mm yeah, mm mm yeah, mm yeah

No no she's not your average lady
She fits my world just fine (Fine)
She might not fit your category
But she's perfect in my eyes

Now I can talk about things she don't got
But love for me yeah she got a lot
And I love every thought about her

She's not perfect
But all I want and need
And I won't ever change her
I won't never let her get away
She's not perfect
But all I want and need
And I can't live without her (Because)
She's not perfect, she's my girl

Mm yeah, mm yeah, mm mm yeah, mm yeah
Mm yeah, mm yeah, mm mm yeah, mm yeah
