

Take My Word

Jackie Lomax

Take my word
I'm the biggest fool you ever heard of any day, any day
I drove my sweet lover far away
And I can't love you, oh no, I can't love you

I had the kind of lover to be proud of
Then again I had to play the field
I never thought of anything but myself
I never knew how bad I made her feel

Take my word
I'm the biggest fool you ever heard of any day, any day
I drove my sweet lover far away
And I can't love you, oh no, I can't love you

Day after day as she was loving me
I threw her love away
Night after night as I was loving you
I couldn't see the light

No, no, no

Oh take my word
I'm the biggest fool you ever heard of any day, any day
I drove my sweet lover far away
And I can't love you, oh no, I can't love you

Take my word
