

# Soulville

Jackie Wilson

Placed on top of the mountain  
Looking over the sea, yeah yeah  
Men grow into giants  
Oh, women fine as can be

Where the living is so swell  
And free to get your fill  
Happiness is yours to enjoy  
Down in Soulville  
Talkin' bout-a Soulville

Listen  
A place where you don't need money  
There ain't nothing to buy  
No hurry, no worry  
No chance for you to drop tears from your eyes

Everybody's friendly  
Every day is a brand new thrill  
Hey, hey  
When you're living the good life  
Down in Soulville  
Talkin' bout-a Soulville

So go there  
There's nothing you must do  
To get there, your heart must be true  
But now of course  
Life there is alright  
If you got somebody by your side  
You're out of sight  
In Soulville  
Talkin' bout-a Soulville

Up there  
You're funky, Broadway  
Up there  
You do the jerk  
Talkin' bout up there  
You do what you got to do  
And don't worry  
You don't even have to work  
Wait a minute  
Up there  
Soulville...
